

REQUEST
for confirmation of foreign certificate
of foreign individuals in the Republic of Macedonia

Based on article 42 of the Law on construction, we request for you to check the reliability of the foreign engineering certificate and to determine the appropriate type of engineering certification in the Republic of Macedonia.

Full name of the company/legal entity	
Company Address	
Business Identification Number (from R.M)	
Mailing address, telephone and email	
Further contacts	(name, surname and telephone number)

In the tables on the following page, please provide all required information of the foreign individuals for which you are requiring certificate confirmation.

In addition to this form, please submit notary certificated, translated copies of the following:

1. **Certificate from** the engineer from the native country
2. **University degree** (and if available, the diploma supplement)
3. **Copy of the Licence** of the legal entity where the engineer will be employed/engaged
 - 3.1 If the engineer is employed in the representative office of the foreign company, except for the building licence, please provide the Registration certificate from the Macedonian Central register of the foreign legal entity.
4. **Confirmation that the applicant** is employed in the company holding the licence (employment agreement and/or similar).
5. Confirmation that the applicant is **not convicted** of any charges related to the engineering work in his native country.
6. Copy of the **Building law from** the native country (English version is acceptable; notary certification is not required)
7. Copy of the By-Law/rulebook for acquiring engineering certificates from the Chamber of engineers from the native country (English version is acceptable; notary certification is not required)
8. Money order for application and Chamber membership:

To the amount reciprocal to the value of the fee payable by Macedonian engineers in the country the applicant is coming from. If the reciprocal value could not be established, the application fee is 200 euros for each certificate to be confirmed, and the membership fee is 275 euros per year. *
